Please Mail Your Bids Early

Please Read These Terms of Sale and Avoid Misunderstanding and Disappointment

as your bids will be accepted ONLY on the terms as specified below, and no exceptions can or will be made for any one.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

No commission charge will be made on coins purchased for you at this Sale.

Lots are sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer $1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalog. But all claims must be made within thirty days from date of sale. And my guarantee means something to you. Remember that there are forty years of proven successful numismatic experience and *ample* financial responsibility back of this guarantee.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me or those who have had no previous credit established, must send a deposit of at least 25% of their bids, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing values of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, October 29th, 1940.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

UNITED STATES SILVER DOLLARS

Please note general choice condition.

1 1776 Our very first Dollar, the Continental Dollar struck in pewter. Type of the Fugio Cent; thirteen links with name of each State on each link. Variety with one R in CURENCY. Very good to fine. Rare and historically interesting. Record over $30.00.

2 1794 First U. S. Dollar struck for general circulation. Very good, especially for this coin. Originally purchased as fine. Have seen no better specimens than this sell for nearly $200.00. Stars on left and corresponding reverse almost evenly struck and very plain. Few light planchet file marks at date. Very rare and in great demand. A most acceptable specimen of our first and very rare Dollar.

3 1795 So-called small head, three leaves under wings. Just a shade from uncirculated; sharp, with mint luster. Quite scarce so choice. Said to have cost $25.00

4 1795 Variety with two leaves under wings. Very fine with considerable luster. Was marked at $20.00.

5 1795 Bust type. Hazeltine No. 14. Strictly fine. Scarce, especially so choice.

6 1796 Large date, small letters. Variety with die break at IC in AMERICA. Fine. Very scarce.

7 1796 Small date, large letters. Peculiarly off-struck specimen with duplicate border at right, where apparently another coin was struck on top. Practically uncirculated with mint luster. Cost $25.00.

8 1797 Six stars to right. Strictly very good.

9 1797 Seven stars to right. About fine; bold impression. Very scarce.

10 1798 The rare variety with small eagle on reverse; thirteen stars on obverse. Variety with die break through second T in STATES. About fine. Rare. Listed up to $20.00 and certainly worth it.

11 1798 Heraldic eagle. Beautiful, practically uncirculated specimen, with full mint luster; every star sharp. Fine broad milled borders. Quite a gem. Although a common date, but rare so choice. Cost $15.00 a number of years ago. These early Dollars in choice condition have not been appreciated. Comparatively with the cents of the same period, this Dollar is worth about $50.00.

12 1799 over '98. Very fine, with frosty mint luster. Scarce die in quite rare condition.

13 1799 Perfect wide date. Practically uncirculated with frosty mint surface. Rare so choice.

14 1799 Medium date. Variety with all top stars on reverse touching clouds. Extremely fine, sharp, with frosty mint luster. Perfectly centered with raised broad milled borders. A handsome coin. Very scarce. Cannot find it in Hazeltine. (Cost $12.50 a number of years ago.)

15 1799 The rare variety with five stars to right of bust. Strictly fine; few light nicks on bust. Far more rare than is generally known. A similar specimen in the Hale Collection brought $15.00.

16 1800 Perfect date and perfect die. A magnificent specimen, sharp and well struck, with broad milled borders. Extremely fine. Certainly a most handsome coin. Very scarce so choice.

17 1800 Close date, narrow borders. Extremely fine, with considerable semi-proof surface. Very light hair-line planchet marks on obverse hardly noticeable. Listed at $10.00 in very fine condition.

18 1801 Strictly very fine; bold impression; well centered. Scarce date in rare condition. Listed at $15.00.

19 1802 over '01. Just the tiniest nick on obverse edge. Strictly very fine. Very scarce.

20 1802 Perfect date. Extremely fine; just a shade from uncirculated; with considerable luster.

21 1803 Large 3 in date. About fine. (Originally purchased as very fine.) Very scarce.

22 1803 Small 3 in date; figure 1 touching curl. Very fine. Rare. Listed at $15.00 and certainly worth it.

23 1836 (No Dollars coined from 1805 to 1835 inclusive. An original 1804 Dollar, the "King of American Coins," one of only six known, will be offered in my next Sale. That's something to look forward to. The most interesting detailed history of this great coin will be published.) Liberty seated; flying eagle reverse amid twenty-six stars. Plain edge. Proof but not in full brilliancy. I consider this our most beautiful Dollar. Rare and in great demand. Record up to $40.00.

24 1839 Variety as last but stars on obverse and no stars on reverse; milled edge. Magnificent sharp brilliant proof with wire edge. Of extreme rarity. Record well over $100.00.

25 1840 Obverse same as last but reverse standing eagle. About fine; slight nick on obverse edge. Scarce date.

26 1841 Uncirculated, with mint luster. Slightest evidence of cabinet friction.

27 1842 Uncirculated; few minute nicks on reverse; mint luster.

28 1843 Extremely fine, with frosty mint surface; just a shade from uncirculated.

29 1844 Three light scratches on obverse, otherwise about uncirculated. Scarce date.

30 1845 Practically uncirculated with mint luster. Very scarce. Listed at $7.50.

31 1846 Nearly uncirculated with mint luster.

32 1847 Brilliant uncirculated, but field very slightly rubbed. Proof-like surface.

33 1848 Very fine. Very scarce. Listed at $7.50.

34 1849 Uncirculated, with bright mint luster; field slightly rubbed. Scarce so choice.

35 1850 Brilliant semi-proof but field lightly nicked from apparently having been handled with other coins. Beautiful specimen and as such very scarce.

36 1851 Proof. Reverse not in full brilliancy. Extremely rare. Record over $125.00. One of our rarest silver Dollars.

37 1853 Fine to very fine. Scarce date.

38 1854 About uncirculated, with mint luster. Scarce date in rare condition. Listed up to $17.50.

39 1855 Just a shade from uncirculated. Almost as rare as last.

40 1856 A shade from uncirculated; frosty mint surface. Scarce so choice.

41 1857 **Proof.** Very slightly rubbed in field. Rare in proof.

42 1859 Brilliant semi-proof. Nearly equal to a proof. Listed at $7.50.

43 1860 Perfect brilliant proof. Very scarce. Listed at $7.50.

44 1861 Perfect brilliant proof. Rare.

45 1862 Brilliant proof; sharp wire edge.

46 1863 Brilliant proof.

47 1864 Brilliant proof; field very slightly rubbed.

48 1866 First year with motto. Perfect brilliant proof. Very scarce.

49 1867 Perfect brilliant proof with wire edge.

50 1868 Perfect brilliant proof; wire edge.

51 1869 Perfect brilliant proof.

52 1870 Perfect brilliant proof.

53 1871 Perfect brilliant proof; wire edge.

54 1872 Perfect brilliant proof; wire edge.

55 1873 Last year of the Liberty seated Dollar. Perfect brilliant proof; wire edge.

As the above Proof Dollars readily retail from $4.00 to $7.50 each, I would respectfully advise new collectors, as well as old collectors who have a habit of bidding on coins on the basis of prices of ten and twenty years ago, to please save us both time and bother by bidding at least near the present value of these coins. They will be sold to the highest bidder, but there are so many collectors who appreciate the scarcity of these beautiful coins and their steady advance in value, that it is a waste of time to bid on the basis of values ten to twenty years ago.

56 1878 First year of the Morgan type Dollar. Variety with 8 feathers in eagle's tail. Uncirculated.

57 1878 The rare variety with 7 feathers in eagle's tail. Perfect brilliant proof. Catalogs at $15.00 and certainly worth it. Has sold for considerably more at private sale. The Morgan Dollars in brilliant proof condition are far more scarce than is generally realized. I doubt if on an average more than 500 specimens were struck in proof of each year and they now readily retail on an average of $4.00 to $5.00 each and their values are steadily advancing.

58 1879 Perfect brilliant proof.

59 1880 Perfect brilliant proof.

60 1881 Perfect brilliant proof.

61 1882 Perfect brilliant proof.

62 1883 Perfect brilliant proof.

77 1898 Very fine.

78 1900 Perfect brilliant proof.

79 1900 Washington-Lafayette. Bust of Washington and General Lafayette. Reverse statue of Lafayette. Uncirculated, with mint luster. Scarce so choice.

80 1900 Washington-Lafayette. Another just as last and just as choice.

81 1901 Perfect brilliant proof.

82 1902 Perfect brilliant proof. Scarce.

83 1903 Brilliant uncirculated.

84 1904 Perfect brilliant proof. Very scarce. Only about 300 proofs struck. Listed at $6.00 and certainly worth it. Coinage discontinued in this year and not resumed until 1921.

85 1921 The Morgan or old type. Variety with die break connecting stars and legend on obverse. Uncirculated.

86 1921 Liberty type. Brilliant uncirculated. Scarce so choice, as for some reason or other this Dollar is difficult to find really perfectly uncirculated.

87 1922 Uncirculated, but has been handled with other coins.

88 1923 Uncirculated, with mint luster. Scarce. Listed at $4.00.

89 1924 Brilliant uncirculated.

U. S. TRADE DOLLARS of all MINTS

163 1873 Perfect brilliant proof. Very scarce and in great demand, as are all of the Trade Dollars in proof condition. They all list from $5.00 to $6.50. While I may be sticking my neck out in making the prediction that these Dollars will be selling at $10.00 each in the near future, we must remember that only just a very few years ago they were bringing from $1.10 to $1.50. And collectors of these coins are increasing by "leaps and bounds" while the supply of these coins is getting wider and wider distributed and more difficult to obtain from time to time.

191 1896 Bryan Dollar. The large size with wheel on reverse, showing size of U. S. Dollar. Brilliant uncirculated with proof surface. In much demand. Retails at $10.00.
192 1896 Bryan Dollar. Obverse as last. Reverse, blank. Brilliant uncirculated. Last record $10.00.
193 1896 Bryan. "One Dam." Goose with head of donkey. Reverse, in center, ONE DAM, date below; above, FREE SILVER. White metal; larger than dollars; milled edge. Uncirculated. Rare so choice. High auction record.
194 Rare Bryan Token, pro-silver or anti-gold. Liberty with torch, 16 to 1. Reverse, "Without Silver We Have Trusted, the Result Is We Are Busted." White metal. Size 34. Holed as apparently issued. Perfect with proof surface. Supposed to be quite rare.
195 1908 Bryan Dollar struck by Elder. Size of U. S. Dollar. Silver proof.

196 1900 Lesher Dollar. A. B. Bumstead. Octagonal. About fine. Rare. Record up to $30.00, but for some reason not in great demand now, but the time to buy is when these scarcer items are not in much demand.

197 1900 Lesher Dollar. The first issue. No. 25. Good, very rare. Record for this variety up to $50.00.

This specimen is listed at $40.00, and would be a dandy buy at $30.00 to $35.00.

LARGE UNITED STATES CENTS

(As usual, "you can't keep a good thing down." Large Cents have always been about the most popular series of our coinage. They reached their peak a few years ago and then experienced a little lull, but now they are again in good demand and it looks as tho they will even exceed their former popularity and value. The supply is much more spread out now and I find choice cents more difficult to obtain and really in great demand. This is not intended as a "sales talk," but simply as genuine information.)

1185 1793 First year and first type of issue. Chain, AMERICA. Crosby 4-C. Variety with periods after LIBERTY and date. A tiny dent on right obverse edge and on lower left edge of reverse. Very fine; steel color. A most acceptable cent of this rarity. Said to have cost $75.00.

I doubt if more than a dozen specimens are known to exist. A specimen in my Sale of the Ten Eyck Collection **eighteen years ago,** brought $300.00. It is now listed at $500.00 and hardly obtainable even at that price. A real rarity of one of our most interesting series.

2112 **1824 $5.00 Gold.** Strictly very fine, with considerable semi-proof surface. Just as rare and valuable as the 1821. Seldom offered. Listed at $500.00.

IMPORTANT FACTS

for You to Consider---Before You Offer Your Collection!

First, use your own thinking and analyzing. Do not rely on any claims.

Second, consider experience and reliability. (I believe all numismatic dealers are reliable.)

Third; MARKET. And here's where you are apt to go astray. Size of a city or the number of collectors in it does not make it a "Market." You KNOW that the number of buying collectors in ANY city represents only a small fraction of the total number of collectors in the country.

How many actual buyers attend the so-called public sales? They will not average more than twenty-five to the Sale. But my Quality Sales average more than Five Hundred (500) bidders at EACH SALE! (At some of my Sales nearly One Thousand bidders were represented.)

You must also consider where and how the various coin markets obtain their buyers. You can only obtain a large market by advertising,—creating new collectors. In the past twenty years I have spent over One and One-Half Million Dollars ($1,500,000.00) for advertising. I paid as much as $20,000.00 for one single advertisement. Often I make a splurge and send out as many as Six Thousand (6,000) Sale Catalogs in one mailing. I have had as many as Ten Thousand (10,000) different buyers, small and large, in a period of one year.

Then the proof of the pudding is the prices realized. AND, last but certainly not least, is the Financial Responsibility of the dealer with whom you place your collection. This is VERY important to you. It gives you full assurance and a feeling of security that the value of your collection is safe and that you will receive the results of the sale or the value of the collection regardless what happens. (Look me up in Dun and Bradstreet.)

And one last thought: If you prefer to sell outright for spot cash, I will pay you as much and more for your collection than it will NET you at any market and you will have the additional advantage of immediate cash payment. I can afford to do this due to my extensive advertising, which has built up for me, I believe and can prove, to be the largest numismatic clientele of any numismatic market.

What I've been trying to tell you is that you owe it to yourself to write me before you sell. I assure you of a prompt, courteous reply without the slightest obligation on your part.

Cordially yours,

B. MAX MEHL.

The William Forrester Dunham Collection!

Probably no Collection ever formed in the history of the United States is as celebrated and well known as that of the great Collection formed by the late William Forrester Dunham of Chicago.

This is due to the fact that Mr. Dunham took such an active interest in the affairs of the American Numismatic Association and everything pertaining to the science of Numismatics. He was one of the best known and most beloved and respected members of our Association. Another reason, and probably the most important, is the fact that this Collection is the ONLY Collection ever formed to possess both of the greatest of all American Rarities, — one of only six original 1804 Dollars,—the "King of American Coins," and the "King of all Rarities,"—the 1822 Half Eagle, of which only three specimens are known including the specimen in the United

States Mint Collection. When Mr. Dunham secured this rarity, in 1906, thirty-four years ago, it brought then the high-

est price ever realized for a single American coin. And not another specimen has been offered since then.

The 1804 dollar will be the first to be offered in eighteen years!

Besides these two "Rarest of the Rare," the Collection includes practically every date of the United States Coinage from the Half Cents to and and including the $20 Gold Pieces, with a brilliant proof set of 1875 including the great rarity, the 1875 Three Dollar Gold Piece. The silver includes one of the finest, if not the finest, 1802 Half Dime. The Half Cents include one of the only two known proofs of 1852 large berry variety, the first to be offered in about thirty-five years.

Besides the regular United States Series of Coins, the Collection includes the most extensive set of Hard Times Tokens, probably the largest ever offered with most of the greater rarities.

One of the most interesting features of the Dunham Collection is its matchless Collection of Encased Postage Stamps! —by far the largest ever to come on the market. Its nucleus is the famous Collection formed by the eminent Chicago Dealer, the late Ben G. Green. Mr. Dunham purchased the Collection in its entirety in 1914, over a quarter of a century ago, and then added over thirty varieties to it.

The CATALOG of this celebrated Collection will be, I believe, the most elaborate ever published. All the rarities will be illustrated with reproductions from actual photographs of the actual coins. I shall spare no expense in the production of this catalog. I intend to make it a prized possession to every collector, who may own a copy of it.

The description, history and pedigree of the 1804 Dollar and 1822 Half Eagle will be the most exhaustive ever published.

An elaborate announcement brochure booklet and other information will be sent you in the near future. Watch for it.

United States Pattern Coins

is one of our most interesting and artistic series of our entire coinage!

Like most series, the Pattern Coins have had their "Ups and Downs." They are up now. Whether or not you are interested in these beautiful coins, you certainly should know something about them.

In 1913, Mr. Edgar H. Adams and William H. Woodin, (late Secretary of the United States Treasury)—published a magnificent book on Patterns. The book became rare, and lately, when obtainable, brought ten dollars and more per copy.

But just now, this rare book has been reprinted, exactly like the original edition, with all its 196 pages and all of its hundreds upon hundreds of beautiful half-tone illustrations of ALL the types of the U. S. Patterns, and describing over seventeen hundred actual coins, giving the approximate number issued of each and giving its rarity.

Regardless what you collect, you will be delighted with and instructed by this remarkable book. And it may prove a most profitable investment for you too.

The price for this rare book, which has been bringing over $10.00 each is now —

Only $3.00
